

**SAFE RELIABLE PRODUCTIVE**

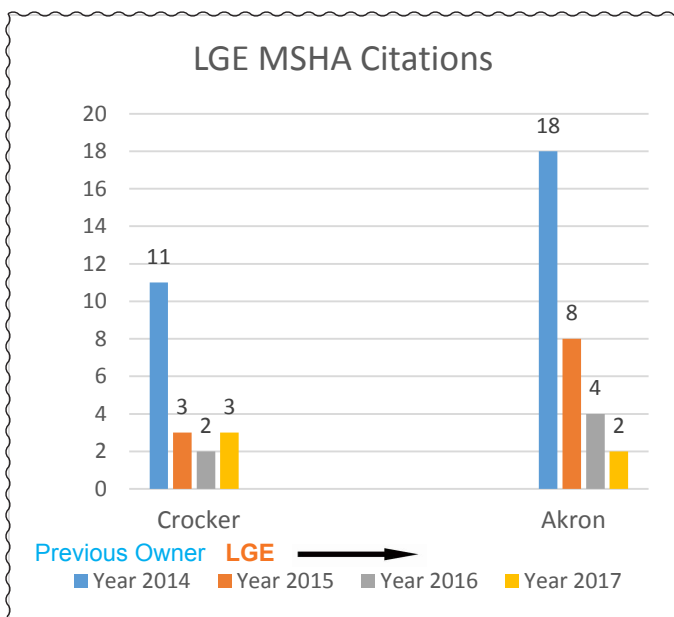

*We Deliver Solutions!*

**Zero is our GOAL**

Safety is something we demand every day at L. G. Everist, Inc. Not just for the sake of the company, but more importantly, for you and your family. The safety coin in your pocket is a constant reminder.

As Lon Fields (LGE Safety Director) highlighted in last week's Roxsand, we have made improvements in all aspects of safety. We have seen positive results throughout the company in reducing injuries, accidents and the number of MSHA citations.

Habits are formed through repetition - it **IS** possible to improve and drive the company rate to zero. Here is a look at what we accomplished upon acquiring operations in Iowa. Thanks to the hard work and diligence of the employees - new and seasoned alike - LGE is making some serious headway in achieving a **zero citation** inspection goal.

Remember to keep an eye out for each other and be sure to watch the latest [safety video!](#)

- Ortonville 2016 & 2017
- Summit 2017
- Jasper 2017

**Spotlight...Award!**

L. G. Everist, Inc. has been awarded the:

**2017 Operation and Maintenance Award** by the South Dakota Department of Environment and Natural Resources. "Wastewater treatment is vitally important to our quality of life because it removes harmful pollutants that can spread disease and provides safe water for use by all those downstream," DENR Sec. Steve Pirner. "The winners of the awards are to be thanked because they collect, treat, and maintain their wastewater treatment systems at the highest levels."

**Happy Birthday!**

**Zero is our GOAL**

La seguridad es algo que demandamos todos los días en L. G. Everist, Inc. No solo por el bien de la compañía, pero más importante, para ti y Tu familia. La moneda de seguridad en su bolsillo es un recordatorio constante.

Como destacó Lon Fields (Director de seguridad de LGE) en la Roxsand de la semana pasada, hemos realizado mejoras en todos los aspectos de la seguridad. Hemos visto resultados positivos en toda la compañía en la reducción de lesiones, accidentes y el número de citas de MSHA.

Los hábitos se forman a través de la repetición: es posible mejorar e impulsar la tasa de la compañía a cero. Aquí hay un vistazo a lo que hemos logrado al adquirir operaciones en Iowa. Gracias al arduo trabajo y la diligencia de los empleados, tanto nuevos como avezados, LGE está logrando avances importantes para lograr un objetivo de cero citas de inspección.

Recuerda estar atento el uno al otro y asegúrese de ver la última [video](#) de seguridad!

**Spotlight ... ¡Premio!**  
L. G. Everist, Inc. ha sido galardonado con:  
**2017 Operation and Maintenance Award**  
por el Departamento de Medio Ambiente y Recursos Naturales de Dakota del Sur. "El tratamiento de aguas residuales es de vital importancia para nuestra calidad de vida porque elimina los contaminantes nocivos que pueden propagar enfermedades y proporciona agua segura para el uso de todos aquellos que se encuentran río abajo", sec. DENR. Steve Pirner. "A los ganadores de los premios se les debe dar las gracias porque recopilan, tratan y mantienen sus sistemas de tratamiento de aguas residuales al más alto nivel".
