Name Plates

We Deliver Solutions!

A corporate image is a combination of words, designs, and color schemes that make a visual statement about your company and communicates your business philosophy. It is an enduring symbol of how your company views itself, how it wishes to be viewed by others, and how others recognize and remember it.

Create a lasting impression with your clients, customers, and employees by presenting them with a gift hand crafted from quartzite stone. From plaques to engraved signage to coasters, our project management team and stone artisans will work with you to design a gift that will be treasured for years to come.
